

» ABOUT US

Established in 1997, Hueson Wire is one of the nation's leading providers of custom cables. With over 950 UL approvals Hueson can provide a solution to fit almost any custom cable requirement.

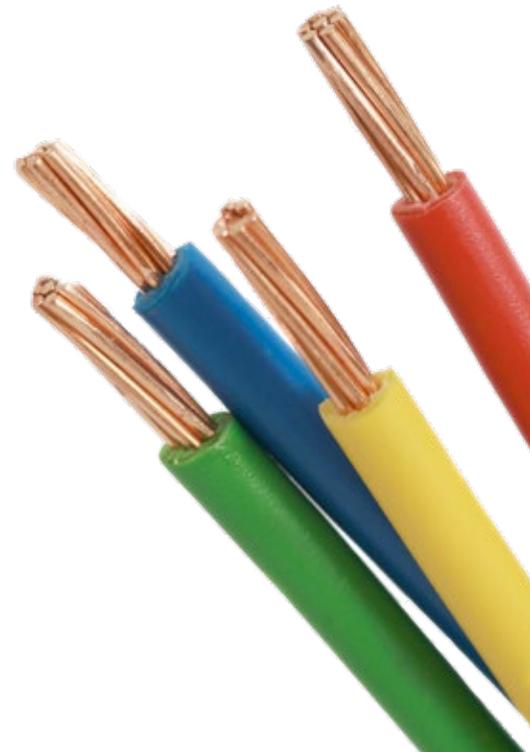

Hueson's success is based on the principles of developing the highest quality wire and cable products, providing top-notch service and being responsive to our customer's needs.

» WIRE AND CABLE SPECIALISTS

When you purchase Hueson products, you receive much more than wire and cable. You will receive the backing of a company whose primary interest and efforts focus on excellence in the design, manufacture and delivery of premium wire and cable.

HUESON – AMERICAN MADE QUALITY

Located in central Massachusetts, where US manufacturing was born, Hueson Wire shares the principles and work ethic of early American industry. Each and every employee at Hueson Wire takes an enormous amount of pride in the quality of our products and services we provide. Our scheduling flexibility, attention to detail and personalized service make us the ideal choice for customers that require competitively priced premium cable with reduced lead times.
